

McGregor & Jeannettes Creek Phosphorus Reduction Program

2019 BMP Incentive Program: Application Form

Producer Contact Information

Full Name: _____
Last First M.I.

Phone: _____ **Email:** _____

Address: _____
Street Address

City Province Postal Code

Farm Business Information

Legal Business Name or Sole Proprietor Name: _____

Mailing Address: _____
Street Address
(Only required to complete if information varies for previous provided producer contact information)

City Province Postal Code

Farm/Commodity Type(s): _____

Acres Owned: _____ **Acres Rented:** _____
Crop Rotation: _____ **Tillage System:** _____

Proposed BMP Project Location

Location information for specific fields/properties where BMPs will be implemented:

Field ID	Township/District	Concession	Lot	Subwatershed	Cropland Acres
1					
2					
3					
4					
5					

BMP Project Type

NOTE: If you are applying for multiple BMPs, an individual application form will need to be submitted for each separate category. One application is required per BMP category.

BMP Project Category	Check the Applicable BMP Subcategory
Cover Crops	<input type="checkbox"/> Frost-Terminated Species <input type="checkbox"/> Over Wintering Species
4R Nutrient Management Planning	<input type="checkbox"/> Grid or Zone Soil Sampling <input type="checkbox"/> CCA Written Nutrient Management Plan <input type="checkbox"/> Field Profitability Mapping Services
Alternative Phosphorus Application Practices	<input type="checkbox"/> Strip Tillage Application <input type="checkbox"/> Variable Rate Application <input type="checkbox"/> Below Canopy Application
Erosion Control Structures	<input type="checkbox"/> Rock Chutes <input type="checkbox"/> Grassed Waterways <input type="checkbox"/> Water and Sediment Control Basins (WASCoBs)
Marginal & Sensitive Land Restoration	<input type="checkbox"/> Windbreaks/Trees <input type="checkbox"/> Buffer Strips <input type="checkbox"/> Wetlands
Farmer Innovative Solutions	Describe proposed project below or in an attached document with the BMP application.
Total Number of Project Acres:	Activity/Project Description:

Proposed Start Date: (YYYY/MM/DD): _____

Proposed Completion Date (YYYY/MM/DD): _____

Estimated Project Cost or Contribution

Fill out the below table and identify the estimated cost items or contribution amount associated with completing the project.

Project Cost Item	Supplier or Service Provider	Estimated Cost of Item (No HST)
Total Estimated Project Cost or Contribution		\$

Declaration and Signature

- *You have discussed the McGregor and Jeannettes Creek program with an LTVCA project staff member.*
- *You agree to complete a field land activity survey with the LTVCA project staff over the duration of the project, to capture your general rotational crop production system (crop rotation, tillage, fertility, average yield estimates), for use in configuring the McGregor and Jeannettes Creek Soil and Water Assessment Tool (SWAT) Model. With the understanding that the data will only be shared in an aggregate form publically and that no business or personal identifier will be shared with other organizations or agencies.*
 - *Example of an aggregate statement: “Within McGregor Creek 84% of producers have adopted conservation tillage practices”.*
- *You acknowledge that funding for a BMP project is not confirmed until the LTVCA has sent you a funding letter of approval.*
- *You acknowledge that payment is subject to the LTVCA receiving all necessary appropriations from Environment and Climate Change Canada from 2019-2022.*
- *You acknowledge that you must submit a claim form to the LTVCA and provide proof of purchase documents for invoiced project costs to receive BMP approved incentives.*
- *You consent to have the project inspected/audited by LTVCA staff during normal business hours, with provided reasonable due notice, to determine if the project is complete and operational, and that the invoices submitted for payment reflect the eligible work completed.*

By Signing below, I agree to be bound by the above terms and conditions of the McGregor and Jeannettes Creek Phosphorus Reduction Program, as stated in the declaration and signature section of the BMP application.
